

**COMMUNITY SERVICES OFFICER I
COMMUNITY SERVICES OFFICER II**

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

SUMMARY DESCRIPTION

Under supervision (Community Services Officer I) or general supervision (Community Services Officer II) of higher level sworn and non-sworn supervisory or management staff, provides a wide variety of non-sworn technical and administrative law enforcement support services in support of Police Department operations and services including in the areas of parking enforcement, Municipal Code enforcement, responding to assigned calls for service, writing reports, fingerprinting, and narcotic offender/sex offender registrations; and provides other support and assistance to other non-sworn functions and activities of the Police Department.

IDENTIFYING CHARACTERISTICS

Community Services Officer I - This is the entry level class in the Community Services Officer series performing the more routine and less complex non-sworn law enforcement assignments while learning City policies and procedures. Positions at this level are not expected to function with the same amount of program knowledge or skill level as positions allocated to the Community Services Officer II level and exercise less independent discretion and judgment in matters related to work procedures and methods. Work is usually supervised while in progress and fits an established structure or pattern. Exceptions or changes in procedures are explained in detail as they arise. This classification is flexibly staffed with the Community Services Officer II. Advancement to the "II" level is based on demonstrated proficiency in performing the assigned functions, the completion of the minimum experience and education requirements for the "II" level, and is at the discretion of higher level supervisory or management staff.

Community Services Officer II - This is the journey level class within the Community Services Officer series. Employees within this class are distinguished from the Community Services Officer I by the need for a broader understanding of support services operations as well as the complexity of work performed. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, are fully aware of the operating procedures and policies of the work unit, and assist the entry level class in learning basic job tasks. Positions in this class series are flexibly staffed and are generally filled by advancement from the "I" level, or when filled from the outside, require prior experience. Advancement to the "II" level is based on management judgment and/or certification or testing that validates the performance of the full range of job duties.
