Suisun City Celebrates New Residential Development

Suisun City, CA – May 11, 2023

On May 10, 2023, Suisun City held another groundbreaking to celebrate the beginning of construction of the new Meridian West subdivision by national homebuilder, Century Communities. The ceremony was attended by local officials, business leaders, and community members.

"On behalf of Suisun City, we are pleased to welcome Century Communities to our town," said Suisun City Mayor Alma Hernandez. "We appreciate their investment in our city and are excited about the future homes that will be built here."

Meridian West will be a 71-unit single family home community on the west side of Suisun City at the former location of Crystal Middle School. According to Century Community representatives, the new homes will likely start in the mid \$500,00's and model homes are expected to be ready for touring this summer.

"Today marks the third major new project groundbreaking in Suisun City within three weeks," said City Manager Greg Folsom. "In addition to this single-family home community, there is one affordable housing project, one market rate apartment project, one luxury apartment project, and three commercial projects currently under construction in Suisun City and several more projects in the planning stages. I don't think Suisun City has ever seen a development boom like we are seeing right now. It's a great time to be in Suisun City."
