ABOUT SUISUN CITY MARINA

The Suisun City Marina is a completely modern harbor with 160 rental berthing slips along with a 300- foot guest dock, and free public boat launch ramps at the south end of the Marina (\$10 parking). The Harbormaster Office is conveniently located adjacent to the Marina at 800 Kellogg Street. The Suisun Channel provides direct access to the waterways of the California Delta and San Francisco Bay. The slough winds through the Suisun Marsh where it feeds into Grizzly Bay. The 116,000 -acre marsh is the largest contiguous estuarine wetland preserve on the West Coast. In 2011, Suisun City was recommended for designation as an official gateway to the marsh by California State Parks. The marsh lures nature -lovers, fishermen, hunters and all categories of boaters.
