CITY OF SUISUN CITY

**701 Civic Center Blvd.
Suisun City, California 94585**

Incorporated October 9, 1868

September 9, 2026 – Notice No. 1

Development Opportunity: 34 acres at NW Corner of Highway 12 & Marina Boulevard RFQ/P

Subject: Railroad Avenue extension from Marina Boulevard to Main Street

To RFP Holders:

The City received a question regarding the alignment and environmental study for the Railroad Avenue extension from Marina Boulevard to Main Street.

Question 1:

We are currently studying the 34-acre Highway 12 and Marina Boulevard development opportunity and developing a preliminary test fit for the site.

The RFQ/P notes that Public Works is working with a consultant on the alignment and environmental study for the Railroad Avenue extension from Marina Boulevard to Main Street.

Before we establish the development blocks in our test fit, could you let us know whether there is a current preferred alignment, preliminary plan, or CAD/GIS information available that we should be using? If there are any preliminary intersection configurations or other roadway assumptions that would affect the site plan, those would also be very helpful.

If it would be more appropriate for us to coordinate directly with Public Works or the consultant working on the study, we would be happy to do so.

Answer 1:

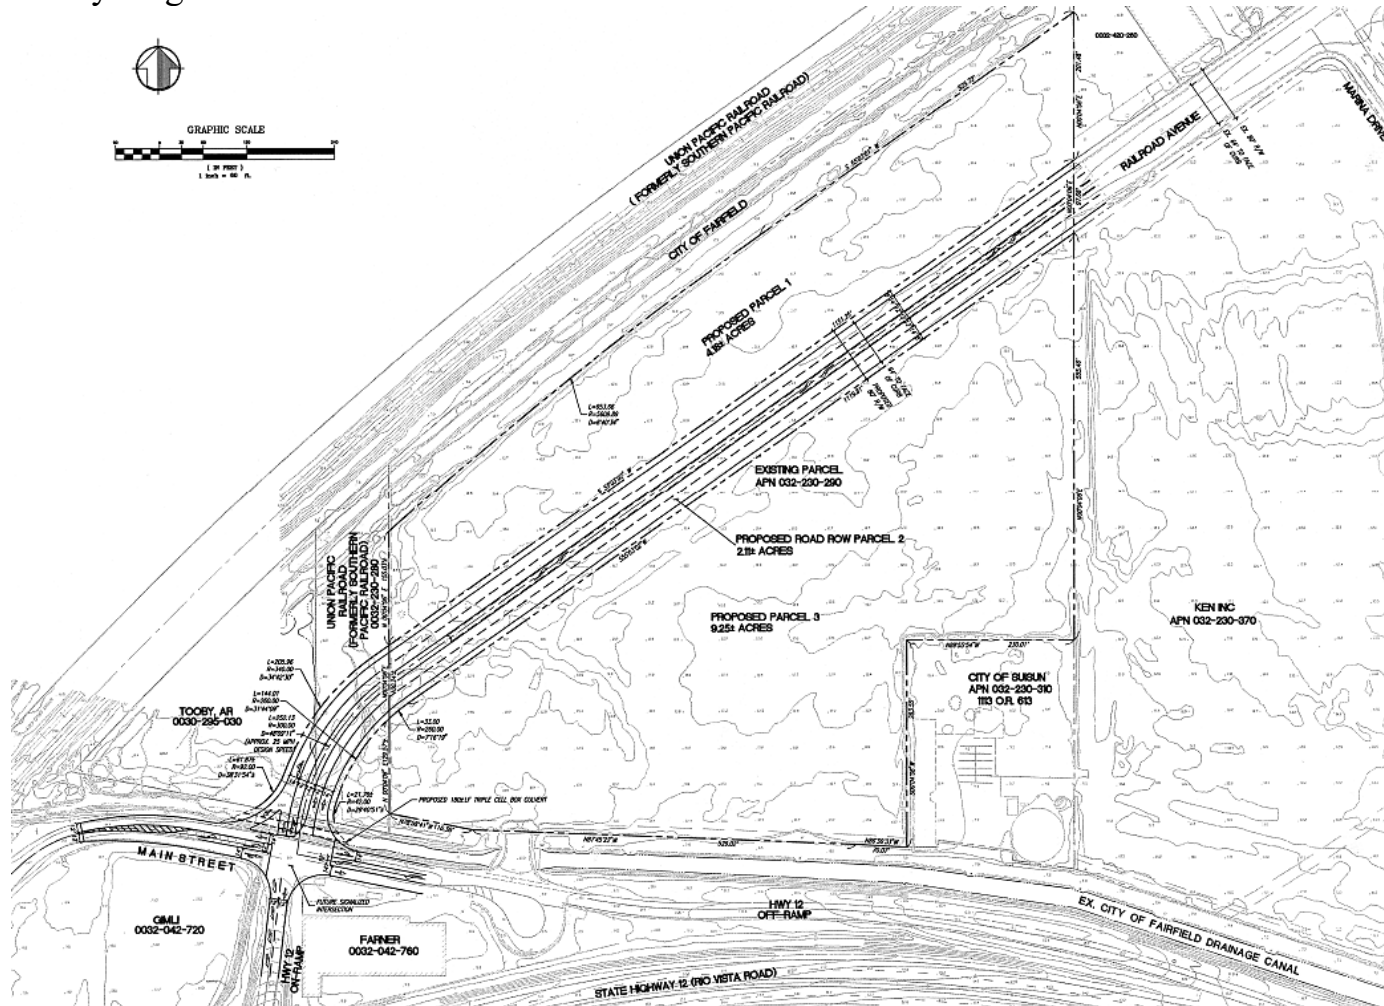

Attached are the Railroad Avenue Alignment Alternates plans.

If you have any questions, please email Ricky Caperton at rcaperton@suisun.com.

Thank you,

Gemma Geluz
Administrative Technician
