REQUISITION OF NECESSARY PERSONNEL FOR COVID-19 EMERGENCY

On March 16, 2020, in my capacity as Director of Emergency Services and pursuant to the authority vested in that position by Chapter 2.32 of the Suisun City Municipal Code, I declared a state of local emergency related to the rapidly evolving public health threat caused by Coronavirus (COVID-19). That declaration was ratified on March 17, 2020 by City Council Resolution No. 2020-40.

As provided by the declaration of local emergency, and by Resolution No. 2020-40, as Director of Emergency Services I have the authority to issue directives as deemed necessary for the protection of the public health. The City of Suisun City has limited public safety officers (including but not limited to police officers, dispatchers, firefighters, and paramedics). The number of safety officers have self-quarantined and cannot provide the needed services. As such, the remaining safety officers must be able to put in overtime to cover the additional shifts in order to maintain the needed services.

I, therefore, hereby authorize the following pursuant to Section 2.32.070(D) of the Suisun City Municipal Code, to be ratified by the City Council within 7 days:

1. The Draft Emergency Operations Center plan is to be implemented and the Emergency Operations Center will be activated at a Level 2 status.
2. All safety officers shall be permitted to work overtime as needed to address the effects of COVID-19.
3. All command staff who are not subject to overtime pay may receive additional compensation for providing services that are outside their scope of employment as needed to address the effects of COVID-19.
4. I hereby reserve the right to issue additional directives as needed.

Greg Folsom

City Manager and Director of Emergency Services
