

## Attention: Important Notice Regarding Your Recycling and Waste Service

Dear Valued Customer,

We are closely monitoring the COVID-19 situation to make sure we're doing the right thing for the health and safety of our employees, our customers, and the communities we serve. Our number one priority is safety, and that is at the forefront of every decision we make.

We provide an essential service to the country, and like the police and fire departments, it's our duty to help protect and serve the public, especially in times like these. While we are working hard to ensure the highest quality customer service and minimal service disruption, the recent surge in residential waste and unique challenges we face requires us to temporarily modify our service offerings to keep your community clean and safe.

Street sweeping services in Fairfield and Suisun are being conducted on the regular schedule.
