Ron Rowlett
Mayor
City of Vacaville

Robert McConnell
Mayor
City of Vallejo

Ms. Sahrye Cohen
Regulatory North Branch Chief
Army Corps of Engineers

Project: Hunter's Point Natural Gas Well Drilling Project
Applicant is Robert Nunn of Sunset Exploration located at 10500 Brentwood Boulevard, Brentwood, California, through its agent, Hope Kingma of WRA, Inc.

PUBLIC NOTICE NUMBER: 2011-00065N

Given the abbreviated public comment period for this project, we the undersigned Mayors of Solano County request that the Army Corps schedule a public hearing. The proposed project, in a sensitive environmental area of Suisun Marsh, deserves to be heard and discussed with our constituents.

The purpose of this letter is not to take a position on the proposed project, but rather to encourage you to allow the public to learn more about, and comment upon, the desirability of this project in this area.

In support of this request, we would urge you to consider this portion of the adopted Suisun Marsh Local Protection Program, amended October 2, 2018

"The Suisun Marsh represents an area of significant aquatic and wildlife habitat and is an irreplaceable and unique resource to the residents of Solano County, the State, and Nation. The Suisun Marsh consists of approximately 85,000 acres of tidal marsh, managed wetlands, and waterways, as well as adjacent lowland and upland grassland areas, in southern Solano County.

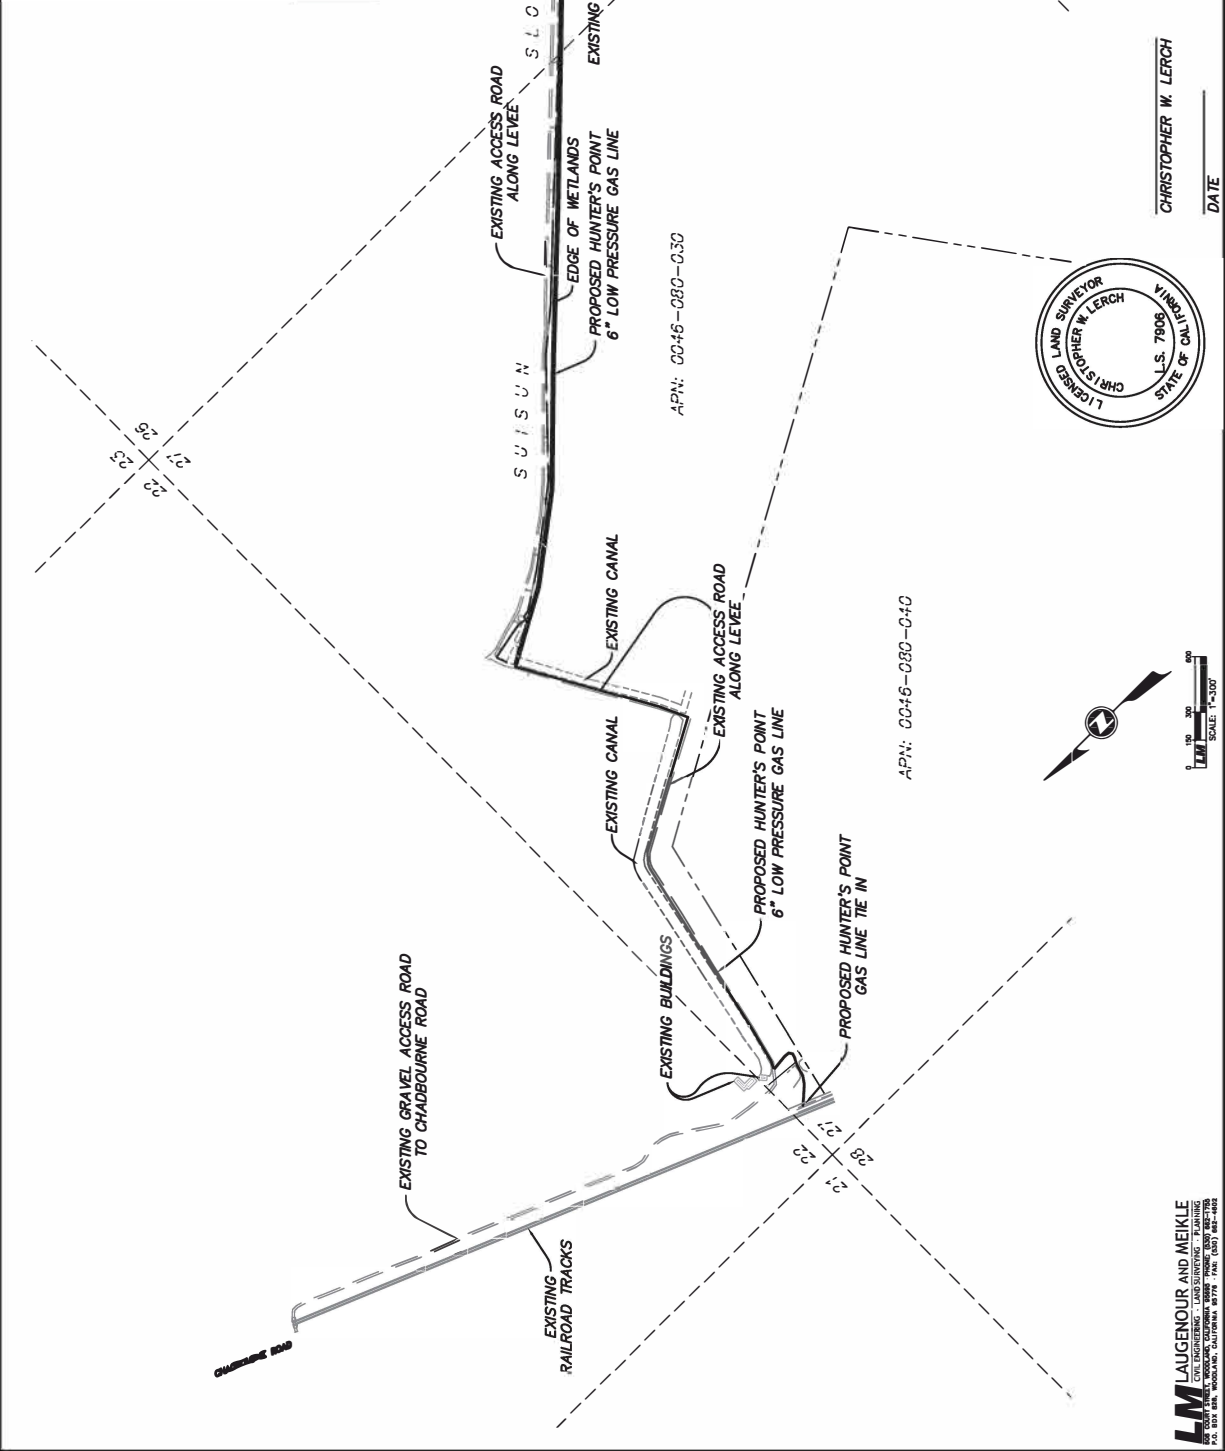

It is the largest remaining wetland around San Francisco Bay and comprises about ten percent of California's remaining wetland area. The Marsh is also a wildlife habitat of nationwide importance in that it provides wintering habitat for waterfowl of the Pacific Flyway. Because of its size and estuarine location, it supports a diversity of plant communities that provide habitats for a variety of fish and wildlife, including several rare and endangered species."

Sincerely,

Solano County Mayor's Committee Members
