Date

I Aaron Trudeau, I'm 44 years old. For over twenty years I served our country in the Profession of Arms at times leading hundreds of people in both nominal and under extreme conditions. I successfully filled many roles such as aircraft mechanic, program manager, instructor, even quality assurance evaluator/inspector, and base safety superintendent. Nearly every position, I earned numerous awards for a professionalism, ingenuity, distinction, and actions under extreme conditions. Serving our country offered me the opportunities to learn and polish seemingly countless skills both unique and common, constructing and forging me into a resourceful, dynamic, flexible, and adaptable professional. I am passionately driven to continue to serve our local community.

In order to better serve our community, I went back to school to gain education beyond my Associates Degrees in Aerospace Maintenance Technology, Occupational Instruction, and Military Science. Knowing I wanted to teach again, I completed a Bachelor's degree in Liberal Arts. Still not satisfied, I earned a Master of Arts in Organizational Leadership. Further, I enrolled in a Doctorates Degree program in Education with a focus in Occupational Leadership. I have the passion and drive to serve and lead our diverse community in these ever changing times.
