My Occupation is: Project Manager

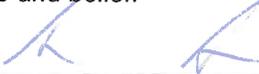

Statement and word count begin below:

I am, by nature, an intellectual who enjoys understanding and finding social solutions. I work hard in every aspect of my life and people would describe me as a thoughtful and open-minded leader. Originally from Southern Louisiana, I moved to California to make a better life. I worked my way through college, earning dual master's degrees in engineering and city planning from Cal Poly. I am a visionary and optimist that believes a better future is possible through work and consensus building.

Consensus is not always easy in a city that is ranked as the 3<sup>rd</sup> most diverse in the nation. This diversity can sometimes create divisions within our community; as City Councilor I will seek to create an environment of inclusion and engagement and work towards a common goal and vision for improving our City.

I've lived and worked in Suisun since 2013, I purchased my first home here, and was appointed to the Parks and Recreation commission; I am invested. My eclectic background and experience has shown me that Suisun is a gem ready to be polished. As a council member, I will continue the transformation of Suisun City into a destination for families, travelers, and businesses.

*I have reviewed the above statement, I understand no corrections or changes are allowed after it has been filed, and it will be printed as filed with the City Clerk. I hereby certify that the statement submitted is true and correct to the best of my knowledge and belief.*
