Statement and word count begin below:

There are many pressing issues facing the City of Suisun City. We must increase our tax base, ensure City Departments are working for the good of the residents, and tackle the growing problem of homelessness.

As your City Councilmember, I'll focus on bringing anchor job providers-sales tax generators here to our community so we're reaping the benefits instead of sending the jobs and money elsewhere. With a new administration in place and pending search for a City Manager, I'll push for a full analysis of how we're functioning as a local government. I'll fight for a coordinated community policy effort to build relationships as we fight crime.

What I'll bring to the Council is a unique background and combination of skills. As a small business, helping people reach the dream of homeownership, I know how critical it is that we fight for programs that will allow renters to become owners and to strengthen our community. As a former Planning Commissioner, I worked successfully to build consensus to bring new projects here. I'm passionate about our community, youth, military, and I've dedicated my free time to helping them.

I know that together, this new Council can accomplish great things!

I have reviewed the above statement, I understand no corrections or changes are allowed after it has been filed, and it will be printed as filed with the City Clerk. I hereby certify that the statement submitted is true and correct to the best of my knowledge and belief.
