PRESS RELEASE FOR IMMEDIATE RELEASE

Contact: Greg Folsom, City Manager 707-421-7301

Suisun City Implements Nixle and Citizen RIMS

Suisun City, CA – August 1st, 2019

In response to growing concerns from citizens about being alerted about emergency situations, such as fires, floods, etc., Suisun City is now using Nixle to build on its Community Notification System so residents can be alerted in real-time for localized emergency situations and relevant community advisories. To receive emergency alerts from the city, please text 94585 or "SUISUN" to 888-777 to be enrolled in SMS messaging alerts. You can also go to www.Nixle.com to sign up for email alerts and create a free resident account.

City Manager Greg Folsom said, "I highly encourage all Suisun City residents to sign up for Nixle notifications so that we can keep you informed in the event of an emergency or important advisory. Nixle notifications have saved lives in other communities, but we can only reach you if you sign up."

In addition, the Suisun City Police Department has implemented the Citizen RIMS platform allowing the public to get unprecedented access to police department data. This online platform allows citizens the ability to view live incident maps, crime maps, and crime charts. It also allows the public to:

- Research data associated with calls for service.
- Research crime data.
- View wanted persons.
- View missing persons.
- View recently stolen vehicle information.
- View recently arrested persons.
- Obtain media logs.
- Obtain press releases.
- Request a vacation home check.
- Register privately owned security cameras for future investigations.

DEPARTMENTS: AREA CODE (707)

SUCCESSOR AGENCY 421-7309 FAX 421-7366

Police Chief Aaron Roth stated, "The Suisun City Police Department is committed to building upon the 6 Pillars of US Policing, which were established by the Task Force on 21st Century Policing. Those pillars include: Building Trust and Legitimacy, Policy and Oversight, Technology and Social Media, Community Policing and Crime Reduction, Officer Training and Education, and Officer Safety and Wellness. Our Department is excited to launch these technologies and we look forward to collaborating with our community, to make Suisun a safer place to live, work, and raise a family."

Mayor Lori Wilson added, "An important goal of these new technologies is the ability to build trust and legitimacy with the community through transparency and communication. Through the implementation of Nixle, Citizen RIMS, and upcoming technology platforms, the City will be able to better share information and work more collaboratively with citizens towards improving our community."
